June 29, 2022

To the Honorable Mayor Scott A. Fadness, Members of the Common Council, and Citizens of the City of Fishers, Indiana:

The Annual Comprehensive Financial Report of the City of Fishers, Indiana for the fiscal year ended December 31, 2021 is hereby submitted.

It is with great pride the City submits its thirty-fourth consecutive Fishers Annual Comprehensive Financial Report (AFR). This report was prepared by the City Controller's Office in conjunction with our financial advisor, Baker Tilly. Responsibility for the accuracy, completeness, and fairness of the presentation rests with the City. We believe the data as presented is accurate in all material respects and reported in a manner designed to present fairly the financial position of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2021 and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. The financial statements of the City of Fishers for the fiscal year ended December 31, 2021 are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP).

Internal control is a major part of managing a city. It is not a one-time event, but an ongoing series of actions and events that occur in a municipality. Internal controls are designed to provide reasonable but not absolute assurance regarding the safeguarding of assets against loss from unauthorized use of disposition and reliability of financial records for preparing the financial statements and maintaining accountability for assets. Reasonable assurance recognizes the cost of internal controls should not exceed the benefits to be derived, and the valuation costs and benefits judgement by management.

The City of Fishers accounting system is specifically designed for governmental entities and is equipped to adequately report and record financial data accurately while keeping the City compliant with all laws and regulations. We believe that the City of Fishers internal controls adequately safeguard assets and provide reasonable assurance of the proper recording of financial transactions. Policies and procedures have been put into place at the City of Fishers to assure the best possible performance. The City has passed an internal control ordinance along with providing citywide training for those employees who handle money and key assets. In addition, the City has updated its internal control policies to comply with the requirements of the Indiana State Board of Accounts.

Our auditor, FORVIS, LLP, has issued an unqualified opinion on the City of Fishers financial statements for the fiscal year ended December 31, 2021. The independent auditor's opinion is located at the front of the financial section of this report.

a (317)595-3111**⊕** www.fishers.in.us

The State of Indiana requires that each reporting entity shall be required to report financial information on a financial statement. The City is also required to undergo an annual single audit in conformity with the U.S. Office of Management and Budget (OMB) Title 2 U.S. *Code of Federal Regulation* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the provisions of Indiana Code section 5-11-1-9 and the requirements of the Indiana State Board of Accounts. Information related to the single audit, including the schedule of federal awards, findings and recommendations, and the auditors' reports on the internal control structure and compliance with laws and regulations, is available as a separate report.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Fishers' MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

Fishers, Indiana was established in June of 1872 when a local landowner, Salathiel Fisher, divided his land into town lots. Fishers now occupies over 37.9 square miles, with more than 400 miles of public roadways, in the southeast quadrant of Hamilton County in central Indiana and is adjacent to the City of Indianapolis. Hamilton County is the fastest growing county in Indiana and the City of Fishers has experienced substantial population growth. The City population has expanded from 7,508 in 1990 to an estimated 99,116 in 2020. The City has become a vibrant residential, commercial, and retail area in Hamilton County and the Indianapolis-metropolitan area. The City has a strong economy, an outstanding school system in Hamilton Southeastern Schools, a favorable corporate environment, and quality residential neighborhoods. In September 2017 Fishers was named by Money Magazine as the Best Place to Live in the United States. In September 2019, the City was once again recognized by Money Magazine. This time as the #3 place to live in the United States and the only Indiana city in the top 30. In addition to the Money Magazine recognition the City is consistently ranked among the safest cities and best place to raise a family by numerous other rating agencies and websites.

The City is governed by a nine-member council, with each member elected to a four-year term. The Mayor serves as the chief executive of the City and serves a four-year term. The City Clerk, also elected to a four-year term, is responsible for the management of records and maintaining ordinances of the City. The Mayor appoints a City Controller that is responsible for matters related to the City's finances. The City employs approximately 516 full time employees.

The City provides general governmental services such as police, fire, planning, zoning, construction, inspection, street and road maintenance, infrastructure maintenance and construction, and cultural and recreational activities. By Indiana statute, the Mayor also serves as the executive and legislative body for the City's Sewage Utility.

The City of Fishers component units are composed of the City of Fishers Building Corporation and the Fishers Redevelopment Authority. The Hamilton East Public Library and Hamilton Southeastern School Corporation have been determined to be separate reporting entities.

(317)595-3111www.fishers.in.us

The annual budget serves as the foundation for the City of Fishers financial planning and control. Budgetary controls are maintained at the fund level. The Fishers City Council is required to adopt a final budget for the next calendar year by no later than November 1st of each year. Budget to actual comparisons demonstrate how actual revenues and expenses/expenditures compare to both the original and final revised budgets. The City Council approves the annual budget as part of its legislative duties.

The legal level of budgetary control (the level at which expenditures may not *exceed* appropriations without the governing body's approval) is by object classification for all funds except for the General Fund, which is by object classification within each department. The City's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the Common Council. Any revisions that alter the total appropriations for any fund or any department of the General fund must be approved by the Common Council and in some instances, by the Indiana Department of Local Government Finance.

LOCAL ECONOMY AND QUALITY OF LIFE

The City of Fishers is a suburb in an affluent metropolitan area and functions as a suburban regional center. The City is headquarters for many corporations such as First Internet Bank, Navient, Stanley Security Solutions, First Advantage, Custom Electric Design and Installation Association (CEDIA), and Knowledge Services. Since 2014, City has created approximately over 8,200 new jobs and Over \$904,000,000 of investment. The City experienced a near-record economic investment in 2020 despite the COVID-19 pandemic and well-documented slowdown in the economy. In 2020, nine companies selected the City to relocate, and five existing firms chose to expand operations in the City creating 1,100 new jobs with an average salary of over \$83,000 and investment of over \$121,000,000. 2021 was another strong year for the City of Fishers with 955 new jobs committed with an average salary of over \$83,000 and a total investment of over \$446 million.

In 2021, the City of Fishers created the Fishers Life Science and Innovation Park, 75 acres dedicated to growing the life sciences industry in Indiana. The park is anchored by Stevanato Group, a 375,000 square foot facility that will produce sterilized vaccine vials and cartidges, with an investment exceeding \$200 million and hiring 200 new employees. List Bio also committed to building a 110,000 square foot pharmaceutical facility manufacturing microbiome treatments and hiring 200 new employees.

The City also functions as a destination for the metropolitan area particularly with Indiana's only IKEA and Top Golf locations. This economic diversity allows the City unemployment rate to be consistently lower than national and state averages, 2.6% for April 2021, compared to the State of Indiana unemployment rate of 4.2% and the United States unemployment rate of 5.8% for the same period. Median household incomes within the City are significantly higher than both the state and national average. Per the Bureau of Census Reports, the City has an average household income of \$140,401 compared with the Indiana state average of \$56,603 and the national average of \$79,900. The average home price in the City is \$279,340. Hamilton County ranks first in the State of Indiana for median household income and per capita personal income. The City has the second lowest unit tax rate in Hamilton County, at .7115, and the lowest until tax rate among Indiana's ten largest cities per information published by the Indiana Department of Local Government Finance.

(317)595-3111www.fishers.in.us

@fishersin

Due to its strong and healthy local economy, the City of Fishers is the only municipality in the State of Indiana to have earned a general obligation credit rating of AAA from Standard & Poor's. This rating was first received in 2016 and affirmed in 2017, 2018, 2019, 2020, and 2021. The City is one of a limited number of local governments in the United States to have a AAA bond rating from Standard and Poor's.

MAJOR INITIATIVES

Mayor Scott Fadness has consistently, during his first term and into his second term, laid out a vision of Fishers as a smart, vibrant, and entrepreneurial city that provides an exceptional quality of life and fosters a culture of innovation and resiliency. Fishers strives to be a city that continues to develop and redevelop in a purposeful and thoughtful way. The goal of sustaining and enhancing vibrancy in all neighborhoods and regions of the community is achieved by the City's commitment to preserving the integrity of every neighborhood and providing opportunities for neighborhoods to foster a stronger sense of place and maintaining a vitality, energy, and resiliency in all areas. Fishers' goal is to foster a strong identity, sense of place, and tolerance in all our diverse neighborhoods. Fishers works to foster a culture of innovation, where the entrepreneurial spirit of continual improvement and the pursuit of discovery thrive.

This Smart, Vibrant, and Entrepreneurial vision drives all the City's initiatives, and all initiatives continue to build upon this vision.

CORONAVIRUS COVID-19 (SARS-CoV-2) Response and Health Department Creation

The COVID-19 pandemic affected many aspects of everyone's lives and the City was not immune. The first person with COVID-19 in Indiana was identified in Fishers on March 6, 2020. The City leadership team, particularly Mayor Fadness and City Attorney Chris Greisl, quickly organized a strategic approach to target anticipated needs during the global pandemic. A key component of this strategic approach was the creation of the Fishers Health Department, an action allowed under Indiana law for second-class cities, by the City Council on April 24, 2020.

The newly formed Health Department worked quickly and in April 2020, just three days after creation, and before most Indiana health departments had any processes in place, the first COVID tests were being performed by City EMS personnel. The City offered its residents free, easily accessible testing at a time when access to testing nationwide was extremely limited. In addition, from its inception, the Health Department has maintained a robust contact tracing program which has outpaced the efforts of the State of Indiana and other local tracing programs. The Health Department became the first department in Indiana to produce an evidence-based community metrics and guidance for schools, in addition to being one of the first to implement a public health order requiring masks. Due to the City's excellent testing process, the State of Indiana awarded funds so the City could test all Indiana residents at its testing center, not just Fishers residents.

From April 2020 to December 2020, the City Health Department administered over 33,000 tests with over 38,000 online testing needs assessments completed. Over 3,200 close contacts were notified by the Health Department contact tracers after tests were sought at the City testing site.

(317)595-3111www.fishers.in.us

🖸 @fishersin

In 2021, the City, while continuing to offer free testing, shifted its focus to vaccinations. The City opened a 48,000 square foot mass vaccination site in January 2021. The site can vaccinate up to 1,600 people a day. As of June 2021, the City Health Department has administered over 50,000 cumulative doses of COVID-19 vaccines. Over 64% of the eligible City population has been fully vaccinated while over 70% of the eligible population has received at least the first dose. Furthermore, over 90% of the City's residents 60 and older are fully vaccinated.

FISHERS 2040

Fishers 2040 is the City of Fishers' 25-year comprehensive plan to ensure future financial sustainability, while creating an environment that supports quality of life that meets our vision for a smart, vibrant, entrepreneurial city. The Fishers 2040 plan was first introduced and adopted in 2015 and was reviewed and updated in 2021 with input from members of the community along with City staff.

This comprehensive plan is a long-range document that helps the City prepare and manage expected population and employment growth, as well as plan and coordinate major public investments, policies, and programs. It provides a framework, not a rule book, for our city's future development, redevelopment, and policy decisions. The goal of the 2040 plan is to ensure the City grows smartly as its population increases to an estimated 135,000 by 2040.

Other common comprehensive plan objectives are:

- Creates a document that is supported by current and accurate data
- Incorporates best practices regarding multiple facets of planning and sustainability
- Addresses key issues facing Fishers
- Recognizes Fishers' past and tells a compelling and engaging story about Fishers' future
- Provides a mechanism for review, updates and amendments

Establishes consistency in decision-making in a coordinated manner

AWARDS AND ACKNOWLEDGEMENTS

While all City departments receive numerous prestigious recognitions on their respective fields, the Controller's office takes pride in having received its 14th GFOA Distinguished Budget Presentation Award, and its 33th Certificate of Achievement for Excellence in Financial Reporting.

icate FOR EXCELL Financial Reporting

The preparation of this report could not have been accomplished without the dedicated services of the entire staff of the Controller's Office. Other departments and offices of the City have also contributed directly or indirectly to the preparation of this report. We would like to express our appreciation to all who assisted in this effort.

Finally, we acknowledge the Mayor and Council members who have consistently supported the City's goal of excellence in all aspects of financial management and for their support for maintaining the highest standards of professionalism in the management of the City of Fishers finances. Their support is greatly appreciated.

Respectfully submitted,

isa Bradford

Independent Auditor's Report

Audit Committee City of Fishers, Indiana

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fishers, Indiana (City), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension, and postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

FORVIS, LLP

Indianapolis, Indiana June 29, 2022

As management of City of Fishers, Indiana, ("the City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages III-XIV of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

- The assets and deferred outflows of resources, \$649,579 and \$19,186 respectively of the City exceeded its liabilities and deferred inflows of resources, \$396,230 and \$24,773 respectively at the close of the most recent fiscal year by \$247,762 (net position).
- The City's total net position increased by \$33,570 as compared to the 2020 total net position.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$117,002 an increase of \$15,604 in comparison with the prior year. Approximately 21.81% of the total amount in the combined ending fund balances, \$25,512 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, the fund balance for the general fund was \$34,332 which represented 55.58% of total general fund expenditures, excluding transfers out.
- The City's total amount of bonds increased by \$34,891 during the current fiscal year. The net change was the result of six new bond issues and \$25,055 of principal payments on existing debt.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The statement of net position presents information on all the City's assets deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the assets plus deferred outflows and liabilities plus deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indictor of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, economic development, health and welfare and culture and recreation.

The government-wide financial statements can be found on pages 17-18 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, COVID – FEMA Funds, and the 96th & Allisonville Lease Payment Fund which are considered to be a major funds. Data for the remaining City governmental funds are combined into a single, aggregated presentation. Individual fund data for non-major governmental funds is provided in the form of combining statements elsewhere in the report. The City adopts an annual appropriated budget for its general fund, certain special revenue funds, debt service funds and certain capital projects funds. Budgetary comparison schedules have been provided for the general fund and major special revenues funds in the required supplementary information. Budgetary comparisons for selected nonmajor governmental funds are presented in the supplementary information to demonstrate compliance with approved budgets.

The governmental fund financial statements can be found on pages 19-22 of this report.

Proprietary funds. The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer operations and the stormwater operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses the internal service fund to account for health insurance/flexible spending. Because these services benefit the governmental-type functions, they have been included within the governmental activities on the Statement of Net Position and in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 23-25 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 26-27 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-91 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's budgets for its major funds as well as a reconciliation between the budget schedules and fund financial statements. In addition, the City's funding progress for its obligation to provide pension and other post-employment benefits to certain employees is included as supplementary information. Required supplementary information can be found on pages 92-105 of this report.

Supplemental information on the General Fund budget by department is on pages 106-109.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on budgets. Combining and individual fund statements and schedules can be found pages on 110-165 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of government's financial position. In the case of the City, assets exceeded liabilities by \$247,762 at the close of the most recent fiscal year.

By far the largest portion, \$178,677 (72.27%), of the City's net position reflects the investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table reflects the condensed statement of net position:

| | Government | al Activities | Business-Ty | pe Activities | То | tal |
|----------------------------------|------------------------|-------------------------------|-----------------|----------------------|----------------------------|------------------------|
| | 2021 | 2020 | 2021 | 2020 | 2021 | 2020 |
| | • • • • • • • • | • • • • • • • - | • •= ••= | • • • • • • • | • (• • • • | • • • • • • • = |
| Current and other assets | \$ 152,327 | \$ 114,617 | \$ 25,635 | \$ 14,648 | \$ 177,962 | \$ 129,265 |
| Capital assets | 497,252 | 454,595 | 173,350 | 81,699 | 670,602 | 536,294 |
| Total assets | 649,579 | 569,212 | 198,985 | 96,347 | 848,564 | 665,559 |
| Deferred outflow of resources | , | , | , | 928 | , | |
| Deletted outliow of resources | 19,186 | 15,385 | 1,054 | 920 | 20,240 | 16,313 |
| Long-term liabilities | 340,347 | 319,766 | 123,871 | 26,602 | 464,218 | 346,368 |
| Other liabilities | 55,883 | 45,340 | , | 1,930 | 57,519 | 47,270 |
| Other habilities | 55,665 | 45,540 | 1,636 | 1,930 | 57,519 | 47,270 |
| Total liabilities | 396,230 | 365,106 | 125,507 | 28,532 | 521,737 | 393,638 |
| | | | | | | |
| Deferred inflow of resources | 24,773 | 5,298 | 1,902 | 831 | 26,675 | 6,129 |
| | | | | | | |
| Net investment in capital assets | 178,677 | 151,476 | 49,957 | 57,566 | 228,634 | 209,042 |
| Restricted net position | 53,373 | 50,114 | 7,199 | 6,223 | 60,572 | 56,337 |
| Unrestricted net position | 15,712 | 12,603 | 15,474 | 4,123 | 31,186 | 16,726 |
| Total net position | \$ 247,762 | \$ 214,193 | \$ 72,630 | \$ 67,912 | \$ 320,392 | \$ 282,105 |

An additional portion of the City's net position, \$53,373 (21.54%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City can report a positive balance in net position for Net Investment in Capital Assets and Restricted Net Position. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors. A negative for unrestricted net position is more common for units of government like the City that utilize pay as you go policies for longterm debt, pensions and other post-employment benefits rather than accumulating assets in advance.

Governmental Activities

The following table provides a comparative summary of changes in net position.

| | Governmenta | | | vities | E | Business- | Туре А | ctivities | | Tot | al | |
|--------------------------------------|-------------|---------|----|---------|----|-----------|--------|-----------|------|---------|----------|-----|

The City's net position from governmental activities, including the statement of net position increased by \$33,570 or 15.67% in 2021, over the net position of 2020. Notable changes in governmental activities revenues and expenses in 2021 compared to 2020 include the following:

- Property tax revenues increased in 2021 by \$5,056 due to the increase in statewide property tax growth rate.
- Income taxes increased by \$10,891 due to an increase in amounts distributed by the state.
- Contributions increased by 2,095 and local shared revenue increased by 4,800. The increases are reflective of the improvement in the economy and promotion of the attractions within the City.
- General government expenses increased by \$1,457.
- Public safety expenses decreased \$2,105 in 2021.

- Highway and streets expenses increased in 2021 \$698.
- Economic development expenses increased in 2021 \$1,600.
- Culture and recreation expenses increased in 2021 by \$1,829. This increase was due to activities resuming that were cancelled in 2020 due to COVID.
- Program revenues (charge for services) did not increase or decrease compared to the prior year.
- Interest expense decreased in 2021 by \$2,210.

The City's overall cash and cash equivalents plus investments position, \$31,707 and \$6,922 respectively, remained very strong in the current economic environment. The City's property tax rate for 2021 decreased slightly to \$2.3119 and \$1.7998 from \$2.3241 and \$1.8074 for 2020, per \$100 of assessed value for Fishers City and Fishers Fall Creek Township respectively.

Program Revenue and Expenses – Governmental Activities

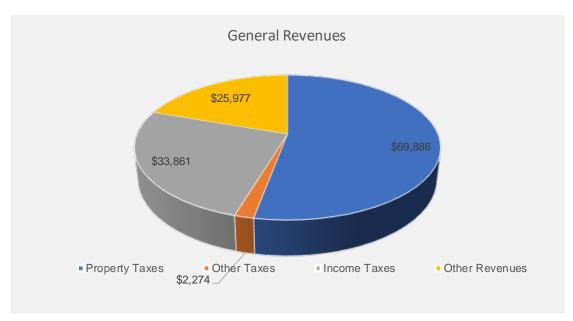

Taxes, as in prior years, were the City's major source of revenue supporting its activities, primarily in the area of public safety, health and welfare and general government. Other sources of revenue consisted primarily of unrestricted investment earnings and miscellaneous revenue. The following table displays program revenues as compared to program expenses. Deficits in programs are made up by general revenues.

The following displays the Expenses and Program Revenues of the City's governmental activities:

The following displays the General Revenues by source for the City's governmental activities. General revenues are used to help offset funding shortfalls related to governmental functions detailed in the preceding graph:

(Cont'd)

Business-type Activities

Business-type activities resulted in an increase in net position of \$4,717 in 2021 compared to an decrease of \$862 in 2020. The primary reason was the issuance of revenue bonds.

The following displays the Expenses and Revenues of the City's business-type activities, in thousands.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful to assess the City's financial requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$117,002 an increase of \$15,604 in comparison with the prior year.

Fund balances are the differences between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in a governmental fund. The nonspendable fund balance includes amounts that are not in spendable form or amounts that are required to be maintained intact. Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external providers, such as grant providers or bondholders, as well as amounts that can be used only for the specific purposes that are determined by a formal action of the government's highest level of decision-making authority. Assigned fund balance applies to amounts that are intended for specific purposes as expressed by governing body or authorized official and applies to remaining resources in any governmental fund other than the general fund. Unassigned fund balances include all amounts not contained in other classifications for the general fund and deficit fund balances in any other governmental fund.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$116,132 an increase of \$14,735 in comparison with the prior year. The fund balance has restricted fund balance of \$77,165, committed fund balance of \$12,087, assigned fund balance of \$1,987, and unassigned fund balance of \$24,894 (See page 19).

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$31,727 while the total fund balance totaled \$33,714. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total expenditures of \$61,776 excluding transfers. Unassigned fund balance represents 51.36% of total general fund expenditures, while total fund balance represents 54.57% of that same amount.

The fund balance of the City general fund had an increase of \$8,526 during the current fiscal year. Key factors in this increase are as follows:

- Revenues exceeded expenditures by \$8,526 excluding other financing sources and uses. Revenues increased by \$9,900 and expenses increased by \$5,133 from 2020 to 2021.
- Majority of the revenue changes include an increase in property taxes \$918 and an increase in income taxes \$6,297.
- Major expenditure changes include an increase in general government, \$596, an increase in public safety expenditures of \$2,638, an increase in culture and recreation of \$749 and an increase in highways and streets of \$341.

At the end of the current fiscal year, the restricted fund balance of the 96th & Allisonville Lease Payment Fund was \$801.

• The 96th & Allisonville Lease Payment Fund has a \$0 unassigned balance due to the entire fund being restricted to the payment of the lease.

At the end of the current fiscal year, unassigned fund balance of the COVID-FEMA Fund was (\$6,833).

General Fund Budgetary Highlights

Elected officials and department heads submit budgets to allow for the effective operation of the City. Several revenue assumptions are used at the time of budget development, but when the actual revenue information becomes available, the City adjusts the budget accordingly.

Differences between the original budget and the final budget included a \$3,949 increase in appropriations that are briefly summarized below:

The final budget for the general fund increased \$3,949 from the original budget passed by the City council. General government decreased \$78 for personal services, increased \$3,459 for other services and increased charges and \$410 for capital outlay. Public safety decreased \$54 for personal services, increased \$91 for other services and charges and increased \$98 for supplies. Culture, Recreation and Education increased \$24 for personal services, increased \$7 for other services and charges, and increased \$35 for supplies.

During the year on a budgetary basis, revenues exceeded expenditures, excluding other financing sources (uses) for the general fund in the amount of \$8,309.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental activities and business-type activities as of December 31, 2021 amounts to \$497,252 and \$173,351 respectively (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment and infrastructure.

Major capital asset events during the current fiscal year included the following:

- Construction in progress expenditures totaling \$66,562 during 2021 related to projects for the City and the business-type activities.
 - Completed projects include
 - o 96th street widening
 - Storm sewer mapping
 - o 2020-1 Overlay/Resurface project
 - o The yard
 - o Fire Station 91

The following table displays the City's capital assets.

Capital Assets

| | | Governmen | tal Activ | vities | | Business-ty | vities | Total | | | | |
|--|----|----------------------|-----------|----------------------|----|---------------------|--------|---------------------|------|------------------------|----|------------------------|

| Net capital assets | \$ | 497,252 | \$ | 454,594 | \$ | 173,351 | \$ | 81,699 | \$ | 670,603 | \$ | 536,293 |

Additional information on the City's capital assets can be found on pages 52 and 53 in the Notes to the Financial Statements of this report.

Long-term obligations. At the end of the current fiscal year, the City had outstanding total long-term debt related liabilities (net of unamortized premiums and discounts and current portion) of \$340,346 related to governmental activities and \$123.871 related to business-type activities. Of this amount, \$365,282 comprises general obligation debt for governmental activities, and \$123,075 relates to revenue bond debt for the business-type activities.

The remainder of the City's long-term obligations consist of \$10,152 and \$319 related to a capital lease for the governmental activities and business-type activities respectively, \$4,859 and \$622 of other postemployment benefits for governmental activities and business-type activities respectively and \$2,038 and \$1,002 of net pension liability for governmental activities and business-type activities respectively. The following table reflects the City's long-term obligations:

| | Government | tal Activ | ities | | Business-ty | pe Activ | ities | Total | | | |
|--|-----------------------------------|-----------|------------------------------|----|--------------------------|----------|----------------------------|-------|-----------------------------------|----|-------------------------------|
| | 2021 | | 2020 | | 2021 | | 2020 | | 2021 | | 2020 |
| General obligation bonds Revenue bonds | \$ 365,282 | \$ | 330,391 - | \$ | - 123,075 | \$ | - 23,614 | \$ | 365,282 123,075 | \$ | 330,391 23,614 |
| Sub-total | 365,282 | | 330,391 | | 123,075 | | 23,614 | | 488,357 | | 354,005 |
| Capital leases Other postemployment benefits Unearned Revenue Net pension liability | 10,152 4,859 3,135 2,038 | | 6,539 5,626 - 9,104 | | 319 622 - 1,002 | | 526 1,103 - 2,480 | | 10,471 5,481 3,135 3,040 | | 7,065 6,729 - 11,584 |
| Sub-total | 20,184 | | 21,269 | | 1,943 | | 4,109 | | 22,127 | | 25,378 |
| Less current portion | (45,120) | | (31,894) | | (1,147) | | (1,122) | | (46,267) | | (33,016) |
| Total long-term obligations | \$ 340,346 | \$ | 319,766 | \$ | 123,871 | \$ | 26,601 | \$ | 464,217 | \$ | 346,367 |

The City's total long-term obligations increased by \$20,580 during the current fiscal year.

- Debt increased by \$34,891 during the year due to the issuance of new debt.
- Other postemployment benefits decreased by \$767 as a result of updated actuarial studies performed for the City.
- Net pension liability for pensions decreased by \$7,066 as a result of updated actuarial studies • performed for the City.

The City maintains long-term ratings of "AAA" on its outstanding general obligation bonds and redevelopment district and redevelopment authority bonds (which are rated as general obligation security pledges), a long-term rating of "AA+" on its outstanding COIT/local income tax revenue bonds, a long-term rating of "AA" on its outstanding sewage works revenue bonds, and a long-term rating of "BBB+" on outstanding bonds which are secured by tax increment revenues assigned by S&P Global Ratings.

Additional information of the City's long-term debt can be found on pages 54-62 in the Notes to the Financial Statements of this report.

Economic Factors and Next Year's Budget and Rates

- The 2021 tax rates for the City of Fishers increased from \$0.7115 in 2021 to a rate of \$0.7215 per \$100 in assessed value. Overall, the City's assessed value increased by approximately 4.6% from 2020 to 2021.
- The City is continuing to see an increase in new building and development activity, an indicator that the current economic climate is good. As a result, prior estimates of growth in tax base and related property tax revenues are showing improvement.
- Property tax is the City's largest source of revenue. Local Income Tax (LIT) formerly known as City option income tax (COIT) is the second largest source of the City's current governmental revenues. These funds can be used for capital projects as well as ongoing operating expenses. The recent improvement in employment has had a positive impact on LIT paid by City residents.
- State-wide property tax caps (based upon a percent of gross AV by property class) became effective in 2009, yet they had a minimal impact on the City's revenues received. For the 2021 budget year, the expected loss to the City due to the caps is \$2,507,084.32. Expenditure restraints have been used to offset this loss.

All the above factors were considered in preparing the City's budget for the 2021 calendar year.

Request for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Fishers, 1 Municipal Drive, Fishers, IN 46038.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITES For The Year Ended December 31, 2021

| Net change in fund balances, total governmental funds (Statement of Devenues, Evpenditures | | |
|--|----------------------------|----------------------|
| Net change in fund balances - total governmental funds (Statement of Revenues, Expenditures, and Changes in Fund Balances) | \$ | 14,734,50 |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as in the current period: | | |
| Capital outlays | | 66,588,48 |
| Loss on capital disposal of assets Depreciation expense | | (21,15 (23,837,28 |
| The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Net Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items: | | (23,007,20 |
| | ¢ 04 075 000 | |
| Principal payments Amortization of bond discount/premium | \$ 24,875,000 1,147,502 | |
| Par amount of bonds issued | (14,480,000) | |
| BANS Issues | (45,535,000) | |
| Premium on bonds issued | (40,000,000) (899,947) | |
| New capital lease | (6,059,000) | |
| Principal paid on capital lease | 2,445,796 | (38,505,6 |
| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds: | | |
| Deferred inflows - pensions | | (18,166,0 |
| Deferred outflows - OPEB | | (1,308,7 |
| Unavailable revenue | | 10,704,1 |
| Expenses in the Statement of Activities that do not provide current financial resources are not reported as expenditures in the funds: | | |
| Deferred outflows of resources - pensions | | 4,342,0 |
| Deferred outflows of resources - OPEB | | (99,82 |
| Amortization of deferred amount on refundings | | (440,7 |
| Compensated absences reported in the Statement of Activities that do not require the use of current financial resources are not reported as expenditures in the governmental funds. | | 239,1 |
| Prepaids amortized in the Statement of Activities require the use of current financial resources | | , |
| and, therefore, are reported as expenditures in governmental funds when paid. | | (73,2 |
| Accrued interest reported in the Statement of Activities does not require the use of current | | |
| financial resources and, therefore, are not reported as expenditures in governmental funds. | | 435,5 |

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Fishers, Indiana (primary government or the City) was established under the laws of the State of Indiana. The primary government operates under a Council-Mayor form of government and provides the following services: public safety (police and fire), public health, highways and streets, culture and recreation, public improvements, planning and zoning, wastewater service, stormwater service, and general administrative services.

The accounting policies of the City of Fishers, Indiana, conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of the City. The reporting entity for the City consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, and (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of three methods, discrete presentation, blended, or fiduciary. Discretely presented component units are generally reported in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. REPORTING ENTITY (cont.)

Blended Component Units

The City of Fishers Building Corporation (Building Corporation) is a blended component unit of the City. The Building Corporation was created in 1990 and finances, constructs, and leases local public improvements to the primary government. The primary government appoints a voting majority of the Building Authority's board and a financial benefit/burden relationship exists between the City and the Building Authority. Although it is legally separate from the primary government, the Building Corporation is reported as if it were a part of the primary government because it provides services entirely or almost entirely to the primary government and is not involved in the operation/maintenance of these assets/infrastructure. The debt of the Building Corporation will be repaid entirely, or almost entirely, from resources of the primary government. Separately issued financial statements of the Authority may be obtained from the City's Administration office.

City of Fishers One Municipal Drive Fishers, Indiana 46038

The Fishers Redevelopment Authority (Authority) is a blended component unit of the City. The Authority was created in 2000 and finances, acquires, and constructs, local public improvements and infrastructure for the primary government. The primary government appoints a voting majority of the Authority's board and a financial benefit/burden relationship exists between the City and the Authority. Although it is legally separate from the primary government, the Authority is reported as if it were a part of the primary government and is not involved in the operation/maintenance of these assets/infrastructure. The debt of the Authority will be repaid entirely, or almost entirely, from resources of the primary government. Separately issued financial statements of the Authority may be obtained from the City's Administration office.

City of Fishers One Municipal Drive Fishers, Indiana 46038

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Government-Wide Financial Statements (cont.)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Direct expenses are clearly identifiable with a specific function or segment Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the City are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditures/expenses.

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The City reports the following major governmental funds:

General Fund - accounts for the City's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund. The General Funds has been adjusted to include the Rainy Day Fund.

- COVID FEMA funds Accounts for all FEMA funds received and disbursed for COVID related matters.
- 96th & Allisonville Lease Payment Debt service fund used to account for and report financial resources related to the 96th Street and Allisonville lease payment.

The City reports the following major enterprise funds:

Wastewater Utility - accounts for operations of the wastewater system Stormwater Utility - accounts for operations of the stormwater system

The City reports the following nonmajor governmental funds:

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

In addition, the City reports the following fund types:

Internal Service Funds - used to account for and report the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis.

Fiduciary Funds - used to account for and report assets controlled by the City and the assets are for the benefit of individuals, private organizations, and/or other governmental units.

Court Parks Agency Fund

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's wastewater and stormwater and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recognized as revenues in the year they are levied.

Intergovernmental aids and grants are recognized as revenues in the period the City is entitled the resources and the amounts are available. Amounts owed to the City which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Special assessments are recorded as revenues when they become measurable and available as current assets. Annual installments due in future years are reflected as receivables and unavailable revenues.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Fund Financial Statements (cont.)

Proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Wastewater Utility and Stormwater Utility are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE

1. Deposits and Investments

For purposes of the statement of cash flows, the City considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statute (IC 5-13-9) authorizes the primary government to invest in securities including, but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

Nonparticipating certificates of deposit, demand deposits and similar nonparticipating negotiable instruments that are not reported as cash and cash equivalents are reported as investments at cost.

Debt securities are reported at fair value. Debt securities are defined as securities backed by the full faith and credit of the United States Treasury or fully insured or guaranteed by the United States or any United States government agency.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE (cont.)

1. Deposits and Investments (cont.)

Investment income, including changes in the fair value of investments, is reported as revenue in the operating statements.

Indiana Code 5-13-9 authorizes the City to invest in securities backed by the full faith and credit of the United States Treasury or fully guaranteed by the United States of America and issued by the United States Treasury, a federal agency, a federal instrumentality, or a federal government sponsored enterprise. Indiana Code also authorizes the unit to invest in securities fully guaranteed and issued by a federal agency, a federal instrumentality or a federal government sponsored enterprise. These investments are required by statute to have a stated final maturity of not more than two years.

Indiana Code also provides for investment in money market mutual funds that are in the form of securities of or interest in an open-end, no-load, management-type investment company or investment trust registered under the provision of the federal Investment Company Act of 1940, as amended. Investments in money market mutual funds may not exceed fifty percent (50%) of the funds held by the City and available for investment.

The portfolio of an investment company or investment trust used must be limited to direct obligations of the United States of America, obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise; or repurchase agreements fully collateralized by direct obligations of the United States of America or obligations issued by a federal agency, a federal instrumentality, or a federal government sponsored enterprise. The form of securities of, or interest in, an investment company or investment trust must be rated as AAA, or its equivalent by Standard and Poor's Corporation or its successor or Aaa, or its equivalent, by Moody's Investors Service, Inc., or its successor. The form of securities in an investment company or investment trust should have a stated final maturity of one day.

Additionally, the City may enter into repurchase agreements with depositories designated by the State Board of Finance as depositories for state deposits involving the City's purchase and guaranteed resale of any interest-bearing obligations issued or fully insured or guaranteed by the United States of America, a United States of America government agency, an instrumentality of the United States of America, or a federal government sponsored enterprise. The repurchase agreement is considered to have a stated final maturity of one day. This agreement must be fully collateralized by interest-bearing obligations as determined by their current fair value.

No policy exists for the following risks:

Investments highly sensitive to interest rate changes.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE (cont.)

1. Deposits and Investments (cont.)

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on methods and inputs as outlined in Note IIIa. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

See Note III. A. for further information.

2. Property Tax and Intergovernmental Receivables

Property taxes levied are collected by the County Treasurer and are distributed to the primary government in June and in December. State statute (IC 61.11716) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15. These rates were based upon the preceding year's March 1 (lien date) assessed valuations adjusted for various tax credits. Taxable property is assessed at 100% of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments that become delinquent if not paid by May 10 and November 10, respectively. All property taxes collected by the County Treasurer and available for distribution were distributed to the primary government prior to December 31 of the year collected. Delinquent property taxes outstanding at year end for governmental funds are recorded as a receivable with an offset to deferred inflows of resources – unavailable revenue within the fund statements, since the amounts are not considered available. The City recognizes a receivable for property taxes levied when the abstract levy is produced each Spring. Due to the parcel by parcel nature of circuit breaker credits and the potential for large fluctuations based on changes in the tax rate and assessed values, the City recognizes revenue when the tax bills are computed by Hamilton County.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as internal balances.

3. Inventories and Prepaid Items

Governmental fund inventory items are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund inventories are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on weighted average and charged to construction and/or operation and maintenance expense when used.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE (cont.)

3. Inventories and Prepaid Items (cont.)

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and proprietary fund financial statements.

4. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements, City Ordinance, and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

5. Capital Assets

Government-Wide Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets, \$50,000 for buildings and improvements and \$100,000 for infrastructure assets, and an estimated useful life in excess of 1 year. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, and overhead. The cost of routine property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation. Material losses on property replaced, retired or otherwise disposed of are reported separately in the financial statements.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

| Buildings and improvements | 20-40 Years |
|------------------------------|-------------|
| Machinery and Equipment | 5-20 Years |
| Vehicles | 5-15 Years |
| Infrastructure | 10-40 Years |
| Collectors and residential | 50 Years |
| Wastewater collection system | 50 Years |

For depreciated assets, the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

- D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE (cont.)
 - 5. Capital Assets (cont.)

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

6. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time. The government has three items that qualify for reporting in this category. The deferred charge on refunding reported in the government-wide Statement of Net Position and deferred outflows for pension and other postemployment benefit items.

A deferred loss on refunding arises from the advance refunding of debt. The difference between the cost of the securities placed in trust for future payments of the refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund financial statements.

7. Compensated Absences

Primary government employees earn paid time off (PTO) leave at rates from 18 to 33 days per year based on number of years of service. PTO may be accumulated to a maximum of 50% of one year's PTO accrual. Employees may carry-over or cash-out a maximum of 50% of one annual normal PTO accrual. The excess of the 50% of one annual normal accrual is lost at year-end. Accumulated PTO leave is paid to employees upon termination. Only amounts due and payable at year-end to terminated employees are included in the fund statements. All compensated absences are current liabilities because the carry-over is used first in the next calendar year prior to expending the amount earned in the ensuing calendar year.

8. Long-Term Obligations

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of bonds payable and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE (cont.)

8. Long-Term Obligations/Conduit Debt (cont.)

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

9. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time. The city has three types of items, one, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The second and third deferred inflow is for pension items, and other postemployment benefit items.

10. Net Position/Fund Balance Classifications

Government-Wide Statements

Net Position is classified in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE (cont.)

10. Net Position/Fund Balance Classifications (cont.)

Fund Statements

Governmental fund balances are displayed as follows:

- a. Nonspendable Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- Restricted Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (ordinance) of the Common Council. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Common Council that originally created the commitment.
- d. Assigned Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The Common Council may take official action to assign amounts. Assignments may take place after the end of the reporting period.
- e. Unassigned Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund net position is classified the same as in the government-wide statements.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

See Note III. H. for further information.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION/FUND BALANCE (cont.)

11. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City OPEB Plan and additions to/deductions from the City OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the City OPEB Plan. For this purpose, the City OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

12. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions expense, information about the fiduciary net position of the 1977 Police Officers' and Firefighters' Pension and Disability Fund and the Indiana Public Employees' Retirement Fund (the Plans), and additions to and deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with benefit terms. Pension investments are reported at fair value.

13. Use of Estimates

Unearned Revenue is being reported for monies that have been received for American Rescue Recovery Plan assistance, but has not yet been obligated.

14. Unearned Revenue

Unearned Revenue is being reported for monies that have been received for American Rescue Recovery Plan assistance, but has not yet been obligated.

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

A budget has been adopted for the General Fund, Motor Vehicle Highway, Local Roads and Streets, Rainy Day, Local Income Tax, County Wheel Tax, Cumulative Capital Improvement, Cumulative Capital Development, Health Department Fund, Law Enforcement Continuing Education, Park Impact, Road Impact, Bridge Impact, Certified Tech Park, Court Record Perpetuation, Court Referral User Fee, B&I-GO Bond 2-Pre 0701, B&I-GO Bond Debt Post, Saxony Debt Service, 96th and Allisonville Lease Payment, B&I-GO 126th St/Phase II, Fire Station 93 Debt Service.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont.)

B. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

As of December 31, 2021, the following individual funds held a deficit balance:

| Fund | Amount | | Reason |
|-------------------|--------|-------------|---------------------|
| COVID - FEMA Fund | \$ | (6,832,983) | Reimbursement grant |

C. ANNUAL BUDGETS

Annual budgets are adopted on the cash basis which is not consistent with accounting principles generally accepted in the United States. All annual appropriations lapse at fiscal year-end.

On or before August 31, the City Controller submits to the Common Council a proposed operating budget for the year commencing the following January 1. Prior to adoption, the budget is advertised and public hearings are conducted by the Common Council to obtain taxpayer comments. In September of each year, the Common Council through the passage of an ordinance approves the budget for the next year. Copies of the budget ordinance and the advertisement for funds for which property taxes are levied or highway use taxes are received are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the City Controller receives approval of the Indiana Department of Local Government Finance.

The primary government's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the Common Council. The Indiana Department of Local Government Finance must approve any revisions to the appropriations for any fund or any department of the General Fund. The legal level of budgetary control is by object and department within the fund for the General Fund and by object within the fund for all other budgeted funds.

D. CONDUIT DEBT OBLIGATION

From time to time, the primary government has issued economic development revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the primary government, nor the State, nor any political subdivision thereof, is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2021, there were eight series of economic development revenue bonds outstanding with an aggregate principal amount payable of \$26,949,327

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as cash and investments.

The City's deposits and investments at year end were comprised of the following:

| | Carrying Valu | Bank Statement Balances | Associated Risks |
|---|--|----------------------------|---|
| Checking Accounts Municipal bonds | \$ 81,728,42 1,214,00 | | Custodial credit Custodial credit, credit, Concentration of Credit, Interest Rate, Sensitivity to Interest Rate |

| Fiduciary Funds | 55,17 | 3 | |
| Total Deposits and Investments | <u>\$ 142,003,49</u> | 3 | |

Deposits in each local and area bank are insured by the FDIC or the Indiana Public Depository Insurance Fund.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Fair Value Disclosure

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Below is the fair value hierarchy for the City's investments at December 31, 2021.

| | December 31, 2021 | | | | | | |
|--|--------------------------------------|---|---------------------|--|--|--|--|
| Investment Type | Level 1 | Level 2 | Level 3 | Total | | | |
| Negotiable certificates of deposit US agencies Municipal bonds Money market accounts US Treasuries | \$ - - 40,596,960 5,900,044 | \$ 1,285,495 11,275,333 1,214,009 - - | \$ - - - - | \$ 1,285,495 11,275,333 1,214,009 40,596,960 5,900,044 | | | |
| Total | <u>\$ 46,497,004</u> | <u>\$ 13,774,837</u> | <u>\$</u> | <u>\$ 60,271,841</u> | | | |

Custodial Credit Risk

Custodial credit risk for deposits and investments is the risk that in the event of a financial institution failure, the City's deposits and investments may not be returned to the City.

Indiana Code 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds, and had a principal office or branch that qualifies to receive public funds of the political subdivision. The City's deposit policy for custodial credit risk is to comply with Indiana Code 5-13-8-1. At December 31, 2021, the City's deposits were insured by the Federal Deposit Insurance Corporation or the Indiana Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

The City does not have any deposits exposed to custodial credit risk.

At December 31, 2021, all City investments and all collateral securities pledged against City investments are held by the counterparty's trust department or agent in the City's name. The City's investments in money market mutual funds were not subject to custodial risk at December 31, 2021 as their existence is not evidenced by securities that exist in physical book entry form.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy for credit risk is to stay in compliance with Indiana Code.

As of December 31, 2021, the City's investments were rated as follows:

| S&P Rating | Certificates of Deposit | Municipal Bonds | US Agencies | Money Market Accounts |
|---|----------------------------|----------------------------------|--|-----------------------------|
| A+ AA AA+ Unrated | \$- - - 1,285,495 | \$ 154,429 329,911 729,669 | \$ 11,275,333 | \$- - - 40,596,960 |
| Total | <u>\$ 1,285,495</u> | <u>\$ 1,214,009</u> | <u>\$ 11,275,333</u> | <u>\$ 40,596,960</u> |
| | | | | |
| Moody's Ratings | Certificates of Deposit | Municipal Bonds | US Agencies | Money Market Accounts |
| Moody's Ratings A2 Aaa Baa2 Unrated | • | | US Agencies - 11,275,333 - - | |

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment policy is to limit investments to not more than 50% of the funds held by the investing officer and available for investment.

At December 31, 2021, the investment portfolio contained the following investments in individual issuers that was five percent or more than their total investment portfolio:

| lssuer | Investment Type | Amount | Percentage of Portfolio |
|------------------------|-----------------------------|------------------------------|----------------------------|
| Cambridge Cambridge | Money Market US Agencies | \$ 9,467,193 4,922,313 | 15.71% 8.17% |

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of December 31, 2021, the City's investments were as follows:

| | | Maturity (In Years) | | | | | |
|-------------------------|----------------------|----------------------|----------------------|-------------|--|--|--|
| Investment Type | Fair Value | Less than 1 | 1 to 5 | More than 5 | | | |
| Certificates of deposit | \$ 1,285,495 | \$ 502,319 | \$ 783,176 | \$ - | | | |
| Municipal bonds | 1,214,009 | 729,669 | 484,340 | - | | | |
| US agencies | 11,275,333 | 445,636 | 10,829,697 | - | | | |
| Money market accounts | 40,596,960 | 40,596,960 | - | - | | | |
| US Treasuries | 5,900,044 | | 5,900,044 | | | | |
| | | | | | | | |
| Totals | <u>\$ 60,271,841</u> | <u>\$ 42,274,584</u> | <u>\$ 17,997,257</u> | <u>\$</u> | | | |

See Note I.D.1. for further information on deposit and investment policies.

B. RECEIVABLES

Receivables as of year end for the government's individual major and nonmajor funds, internal service, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

| Receivables | General Fund | 96th & Allisonville Lease Payment | COVID- FEMA Funds | Nonmajor Funds | Totals |
|--|---|--|-------------------------|---|--|
| Taxes Accounts Intergovernmental | \$ 12,342,435 780,919 <u>68,954</u> | \$ 811,905 - - | \$ | \$ 562,949 9,064 <u>1,165,620</u> | \$ 13,717,289 789,983 <u>7,735,988</u> |
| Gross receivables | 13,192,308 | 811,905 | 6,501,414 | 1,737,633 | 22,243,260 |
| Less: Allowance for uncollectibles | 166,389 | <u> </u> | <u> </u> | <u> </u> | 166,389 |
| Net Total Receivables | <u>\$ 13,025,919</u> | <u>\$811,905</u> | <u>\$ 6,501,414</u> | <u>\$ 1,737,633</u> | <u>\$ 22,076,871</u> |

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES (cont.)

All of the receivables on the balance sheet are expected to be collected within one year. The Emergency Management Services receivable accounts, included in the Accounts Receivable line of Governmental activities, have timing and credit characteristics different from typical accounts receivable. Many of these receivables are due from insurance companies and collection experience indicates that most are received within 90 days.

Revenues of the Wastewater Utility and Stormwater Utility are reported net of uncollectible amounts. Total uncollectible amounts related to revenues of the current period are as follows:

| | astewater Utility | tormwater Utility | Totals |
|---|---|-----------------------------------|---|
| Accounts receivable Special assessments receivable Miscellaneous receivable Allowance for uncollectible accounts | \$ 1,026,853 1,133,449 31 (174,565) | \$ 16,752 - - (2,848) | \$ 1,043,605 1,133,449 31 <u>(177,413</u>) |
| Accounts receivable (net of allowance) | \$ 1,985,768 | \$ 13,904 | \$ 1,999,672 |

Governmental funds report *unavailable revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. All funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* reported in the governmental funds were as follows:

| | Unearned | Unavailable | |
|--|------------------------|--------------------------------|--|
| Taxes receivable ARPA funds not obligated FEMA Monies not received | \$ - 3,135,360 - | \$ 9,218,247 - 6,501,414 | |
| Total Unavailable Revenue for Governmental Funds | <u>\$ 3,135,360</u> | <u>\$ 15,719,661</u> | |

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

C. RESTRICTED ASSETS

The following represent the balances of the restricted assets:

Long-Term Debt Accounts

| Redemption | - | Used to segregate resources accumulated for debt service payments over the next twelve months. |
|--------------|---|--|
| Reserve | - | Used to report resources set aside to make up potential future deficiencies in the redemption account. |
| Construction | - | Used to report proceeds of revenue bond issuances that are restricted for use in |

construction.

Following is a list of restricted assets at December 31, 2021:

| | | Restricted Assets | | | | | |
|---|-----------------------------|-----------------------|-----------------------|--|--|--|--|
| | Governmental Funds | Wastewater Utility | Stormwater Utility | | | | |

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. INTERFUND TRANSFERS

Interfund Receivables/Payables

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

| Receivable Fund | Payable Fund | | Amount |
|---|--|-----------|---------------------------|
| General Fund General Fund | COVID - FEMA Funds Vaccine for Children | \$ | 6,800,469 <u>4,057</u> |
| Total - Fund Financial Statem | | 6,804,526 | |
| Less: Government-wide eliminations | | | (6,804,526) |
| Total Internal Balances - G Net Position | \$ | | |

All amounts are due within one year.

The principal purpose of these interfunds is offset negative cash being reported as of December 31, 2021.

Transfers

The following is a schedule of interfund transfers:

| Fund Transferred To | Fund Transferred From | Amount | Principal Purpose |
|---|--|----------------------------|-------------------|
| 96th & Allisonville Payment Other Governmental Funds | Other Governmental Funds Other Governmental Funds | \$ 8,260,175 14,679,628 | |
| Total - Fund Financial Statements | | <u>\$ 22,939,803</u> | |
| Less: Government-wide eliminations | | <u>\$ (22,939,803</u>) | • |
| Total Transfers - Govern Activities | ment-Wide Statement of | <u>\$</u> | |

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

General Obligation Debt

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and infrastructure. All general obligation notes and bonds payable are backed by the full faith and credit of the City. The bonds are generally issued as ten to twenty year serial bonds with varying amounts of principal maturing each year. Bond Anticipation Notes are included within the current portion of long-term liabilities at December 31, 2021 as they mature during 2022. The outstanding general obligation bonds of the governmental funds will be retired by future property tax levies, tax increment revenues, income taxes or other revenues.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

Revenue Debt (cont.)

The Wastewater Utility has pledged future operating revenues, net of specified operating expenses, to repay revenue bonds issued in 2016. Proceeds from the bonds provided financing for capital improvements to the wastewater utility. The bonds are payable solely from net operating revenues and are payable through 2036. Annual principal and interest payments on the bonds are expected to require 42.37% of net revenues. The total principal and interest remaining to be paid on the bonds is \$12,239,658. Principal and interest paid for the current year and total customer net revenues were \$851,799 and \$2,005,509, respectively.

The Wastewater Utility has pledged future operating revenues, net of specified operating expenses, to repay revenue bonds issued in 2017. Proceeds from the bonds provided financing for capital improvements to the wastewater utility. The bonds are payable solely from net operating revenues and are payable through 2040. Annual principal and interest payments on the bonds are expected to require 34.19% of net revenues. The total principal and interest remaining to be paid on the bonds is \$17,164,150. Principal and interest paid for the current year and total customer net revenues were \$685,693 and \$2,005,509, respectively.

The Wastewater Utility has pledged future operating revenues, net of specified operating expenses, to repay revenue bonds issued in 2021. Proceeds from the bonds provided financing for the acquisition of the sewage works and related assets of Hamilton Southeastern Utilities, Inc. (HSE) The bonds are payable solely from net operating revenues and are payable through 2052. Annual principal and interest payments on the bonds are expected to require 14% of net revenues, after consideration of estimated new revenues to be generated from HSE customers. The total principal and interest remaining to be paid on the bonds is \$150,497,993. There was not any principal and interest paid for the current year and total customer net revenues are projected to be \$12,045,100 in 2022.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

Bond Anticipation Notes. The 2019 Taxable Economic Development Revenue BAN, series A and 2020 Taxable Economic Development Revenue BAN, Series A were both due February 1, 2022. Subsequent to year end the Taxable Economic Development Revenue BAN, Series 2022A was issued for \$25,575,000, as disclosed in subsequent events, to repay both the 2019 and 2020 BANs. As a result, the BANs are not included as short-term obligations in the fund statements. The 2021 BANs issued all had maturity dates that extended beyond 12 months of year end so are not also not considered short term obligations

Advance Refunding

The City has advanced refundings outstanding at year end in the amount of \$26,905,000.

Current Refunding

On December 15, 2021, the City of Fishers issued \$2,550,000 of General Obligation Refunding Bonds, Series 2021 with coupon rates of 1.57% each year from 2021 to 2031 to refund \$2,370,000 of outstanding General Obligation Bonds of 2011, Series A. The net proceeds were used to prepay the outstanding debt and pay issuance costs.

The cash flow requirements on the refunded debt prior to the refunding was \$2,868,253 from 2021 through 2031. The cash flow requirements on the General Obligation Refunding Bonds, Series 2021 are \$2,734,488 from 2021 through 2031. The refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$133,765.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

G. LEASE DISCLOSURES

Lessee - Capital Leases

The City has entered into various capital leases for information technology, fire equipment, police vehicles and other equipment that are reported in governmental activities. The Wastewater Utility has entered into a capital lease to fund an improvement project for the utility. The gross amount of these assets under capital leases is \$20,607,168, which are included in capital assets in the governmental activities. Depreciation on the leased assets totals \$12,906,412. The future minimum lease obligations and the net present value on these minimum lease payments as of December 31, 2021, are as follows:

| | Gov | Governmental Activities | | | | | ines | s-type Acti | vitie | s |
|--------------|---------------------|-------------------------|----------|---------------------|-----------|-----------|------|-------------|-------|---------|

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

I. GOVERNMENT ACQUISITION

On December 29, 2021, the City acquired a portion of Hamilton Southeastern Utilities (HSE), in order to operate all of the sewage utilities with City limits. The City will operate and maintain the sewage utility and account for the activity within the wastewater utility on the City's financial statements. The acquisition included a portion of the assets which were valued by an engineering firm specializing in utilities at a value of \$102,035,000. The acquisition value of the net position acquired as of the acquisition date was determined to be \$88,567.697.

J. OTHER INCOME

Calendar year 2020 other income shown on the Statement of Revenues, Expenditures and Changes in Fund Balances is comprised of the following:

| Description | General Fund | Nonmajor Governmental Funds |
|--|---|---|
| Donations Refunds and reimbursements Rental of property Sale of assets Miscellaneous | \$ 182,432 66,425 - 2,015 2,003,618 | \$ 72,634 1,257,882 237,493 - 2,563,694 |

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Public Employees' Retirement Fund

Plan description. The City participates in the Public Employees' Retirement Fund, a cost-sharing multiple-employer defined benefit plan effective July 1, 2013 based on 35 IAC 21-1-1, 35 IAC 21-1-2 and amended IC 5-10.2-2-11(b). PERF was established to provide retirement, disability, and survivor benefits to full-time employees of the State of Indiana not covered by another plan, those political subdivisions that elect to participate in the retirement plan, and certain INPRS employees. Political subdivisions mean a county, city, town, township, political body corporate, public school corporation, public library, public utility of a county, city, town, township, and any department of, or associated with, a county, city, town, or township, which department receives revenue independently of, or in addition to, funds obtained from taxation. There are two (2) tiers to the PERF Plan. The first is the Public Employees' Defined Benefit Plan (PERF Hybrid Plan) and the second is the My Choice Retirement Savings Plan for Public Employees (My Choice). Details of the PERF Hybrid Plan are described below.

PERF Hybrid Plan Description. The PERF Hybrid Plan was established by the Indiana Legislature in 1945 and is governed by the INPRS Board of Trustees in accordance with Indiana Code (IC) 5-10.2, IC 5-10.3, and IC 5-10.5. There are two (2) aspects to the PERF Hybrid Plan defined benefit structure. The first portion is the monthly defined benefit pension that is funded by the employer. The second portion of the PERF Hybrid Plan benefit structure is the Public Employees' Hybrid Members Defined Contribution Account (DC Account), formerly known as the Annuity Savings Account (ASA), which that supplements the defined benefit at retirement.

Contributions. Members are required to contribute 3% of their annual covered salary to their defined contribution account. The primary government is required to contribute at an actuarially determined rate. The current rate is 11.2%. The contribution requirements of plan members and the primary government are established and may be amended by the INPRS Board of Trustees. The actuarial amount, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the PERF plan from the City were \$1,892,065 for the calendar year ended December 31, 2021.

Retirement Benefits. The PERF Hybrid Plan retirement benefit consists of the sum of a defined pension benefit provided by employer contributions plus the amount credited to the member's a DC Account. Pension benefits vest after ten (10) years of creditable service. The vesting period is eight (8) years for certain elected officials. Members are immediately vested in their annuity savings account. At retirement, a member may choose to receive a lump sum payment of the amount credited to the member's annuity savings account, receive the amount as an annuity, or leave the contributions invested with INPRS. Vested PERF members leaving a covered position, who wait 30 days after termination, may withdraw their DC account and will not forfeit creditable service or a full retirement benefit. However, if a member is eligible for a full retirement at the time of the withdrawal request, he/she will have to begin drawing his/her pension benefit in order to withdraw the DC Account. A non-vested member who terminates employment prior to retirement may withdraw his/her DC Account after 30 days, but by doing so, forfeits his/her creditable service. A member who returns to covered service and works no less than six (6) months in a covered position may reclaim his/her forfeited creditable service.

A member who has reached age 65 and has at least 10 years of creditable service is eligible for normal retirement and, as such, is entitled to 100% of the pension benefit component. This annual pension

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

benefit is equal to 1.1% times the average annual compensation times the number of years of creditable service. The average annual compensation in this calculation uses the highest 20 calendar quarters of salary in a covered position. All 20 calendar quarters do not need to be continuous, but they must be in groups of four (4) consecutive calendar quarters. The same calendar quarter may not be included in two (2) different groups. For PERF members who serve as an elected official, the highest one (1) year (total of four (4) consecutive quarters) of annual compensation is used. Member contributions paid by the employer on behalf of the member and severance pay up to \$2,000 are included as part of the member's annual compensation.

A member who has reached age 60 and has at least 15 years of creditable service is eligible for normal retirement and, as such, is entitled to 100% of the pension benefit. A member who is at least 55 years old and whose age plus number of years of creditable service is at least 85 is entitled to 100 percent of the benefits as described above.

A member who has reached at least age 50 and has at least 15 years of creditable service is eligible for early retirement with a reduced pension. A member retiring early receives a percentage of the normal annual pension benefit. The percentage of the pension benefit at retirement remains the same for the member's lifetime. For age 59, the early retirement percentage of the normal annual pension benefit is 89 percent. This amount is reduced five (5) percentage points per year (e.g., age 58 is 84%) to age 50 being 44%.

The monthly pension benefits for members in pay status may be increased periodically as cost of living adjustments (COLA). Such increases are not guaranteed by statute and have historically been provided on an "ad hoc" basis and can only be granted by the Indiana General Assembly.

Disability and Survivor Benefits. The PERF Hybrid Plan also provides disability and survivor benefits. A member who has at least five (5) years of creditable service and becomes disabled while in active service, on FMLA leave, receiving workers' compensation benefits, or receiving employer-provided disability insurance benefits may retire for the duration of the disability, if the member has qualified for social security disability benefits and has furnished proof of the qualification. The disability benefit is calculated the same as that for a normal retirement without reduction for early retirement. The minimum benefit is \$180 per month, or the actuarial equivalent.

If a member dies after June 30, 2018, a spouse or dependent beneficiary of a member with a minimum of 10 years of creditable service receives a benefit as if the member retired at the later of age 50 or the age the day before the member's death. If a member dies while receiving a benefit, a beneficiary receives the benefit associated with the member's selected form of payment.

Retirement Benefits – My Choice. Members are required to participate in My Choice. The My Choice DC Account consists of the member's contributions, set by statute at three 3% of compensation as defined by IC 5-10.2-3-2 for PERF, plus the interest/earnings or losses credited to the member's account. The employer may elect to make the contributions on behalf of the member. The City has elected to make the contributions on behalf of the member. The City has elected to make the additional voluntary contributions of up to 10% of their compensation into their DC Account. A member's contributions and interest credits belong to the member and do not belong to the State or political subdivision.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Rate of Return. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the fiscal year ended December 31, 2021, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense for Public Employee's Retirement Fund was 25.46%.

Net Pension Liability

At December 31, 2021, the City reported a liability of \$3,040,531 for its proportionate share of the net pension liability. The City's proportion of the total was measured as of June 30, 2021 on the ratio of the wages reported by employers relative to the collective wages of the plan. This basis of allocation measures the proportionate relationship of an employer to all employers and is consistent with the manner in which contributions to the pension plan are determined. The plan does not have a special funding situation, as there is not a non-employer contributing entity legally responsible for making contributions that are used to provide pension benefits to members of the pension plan. At December 31, 2021, the City's proportion was 0.23107 percent which was an increase of 0.00395 which is approximately 1.70 percent higher from its proportion measured as of June 30, 2020 of .22712 percent. The proportional allocation between the City, Wastewater and Stormwater and the changes in net pension liability for fiscal year 2021 is calculated as set forth in the following tables:

| | | City | _\ | Vastewater | 5 | Stormwater | _ | Totals |

Key Methods and Assumptions. Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuations are presented below:

| Valuation Date: Assets: Liabilities: | June 30, 2021 June 30, 2020 - Member census data as of June 30, 2020 was used in the valuation and adjusted, where appropriate, to reflect changes between June 30, 2020 and June 30, 2021. Standard actuarial roll forward techniques were then used to project the total pension liability computed as of June 30, 2020 to the June 30, 2021 measurement date. |
|--|--|
| Actuarial Cost Method: | Entry Age Normal (Level percent of payroll) |
| Experience Study Date: | Period of 5 years ended June 30, 2019 |
| Investment Rate of Return: | 6.25%, net of investment expense, including inflation |
| Cost of Living Increases: | As of June 30, 2021, members were granted a 1% COLA on January 1, 2022 and no COLA on January 1, 2023. Thereafter, the COLAs were assumed to be as follows: |
| | Beginning January 1, 2024 - 0.40% |
| | Beginning January 1, 2034 - 0.50% |
| | Beginning January 1, 2039 - 0.60% |
| Salary increases, including inflation: | 2.65% - 8.65% |
| Inflation: | 2.00% |
| Mortality: | |
| Health: | Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019. |
| Disability: | Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019. |
| Funding policy location: | www.in.gov/inprs/files/INPRS_Funding_Policy.pdf |
| | |

Change in Assumptions.

- The Interest Rate / Investment Rate assumption changed from 6.75 percent to 6.25 percent.
- The inflation assumption changed from 2.25 percent to 2.00 percent.
- The Future Salary Scale assumption changed from 2.75% 8.75% to 2.65% 8.65%.

Changes in Actuarial Methods. There were no changes to the actuarial methods during the fiscal year.

Plan Amendments. HEA 1001-2021 granted a 1% COLA effective January 1, 2022.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Long Term Return Expectation. The long-term return expectation has been determined by using a building-block approach and assumes a time horizon, as defined by INPRS Investment Policy Statement. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established and the long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

| Global Asset Class | Long-Term Expected Rate of Return (Geometric Basis) | Target Asset Allocation |
|------------------------------------|---|----------------------------|
| Public Equity | 3.6% | 20.0% |
| Private Markets | 7.3 | 15.0 |
| Fixed Income - Ex Inflation-Linked | 1.5 | 20.0 |
| Fixed Income - Inflation-Linked | (0.3) | 15.0 |
| Commodities | 0.8 | 10.0 |
| Real Estate | 4.2 | 10.0 |
| Absolute Return | 2.5 | 5.0 |
| Risk Parity | 4.4 | 20.0 |
| Leverage Offset | (1.4) | (15.0) |

Discount rate. The discount rate used to measure the total pension liability was 6.25% as of June 30, 2021 and is equal to the long-term expected return on plan investments.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount *rate.* The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.25%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.25%) or 1-percentage-point higher (7.25%) than the current rate:

| | - | % Decrease to Discount Rate (5.25%) | C | Current Discount Rate (6.25%) | 6 Increase to scount Rate (7.25%) |
|--|----|---|----|----------------------------------|---|
| City's proportionate share of the net pension liability | \$ | 5,331,233 | \$ | 2,038,372 | \$ (708,312) |
| Wastewater's proportionate share of the net pension liability | | 1,560,245 | | 596,552 | (207,296) |
| Stormwater's proportionate share of the net pension liability | | 1,060,839 | | 405,607 | (140,944) |
| Totals | \$ | 7,952,317 | \$ | 3,040,531 | \$ (1,056,552) |

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued INPRS Annual Comprehensive Financial Report (ACFR) and Actuarial Valuations. These reports can be found at:

1977 Police Officers' and Firefighters' Pension and Disability Fund

Plan Description. The 1977 Police Officers' and Firefighters' Pension and Disability Fund (1977 Fund) provides pensions for all police officers and firefighters hired after April 30, 1977. The plan is a cost-sharing, multiple-employer defined benefit pension plan administered by the Indiana Public Employees' Retirement Plan (INPRS). The pension system issues a publicly available financial report that can be obtained at http://www.inprs.in.gov.

For purposes of employer allocations, the Police Officers and Firefighters are considered separate submission units and their respective pension items are reported herein.

Retirement Benefits. The plan provides retirement, disability, and death benefits. Benefit terms are established an amended by State legislative action.

Annual retirement benefits for employees are calculated equal to 50% of the salary of a first class officer for 20 years of service. Normal retirement age is 52 with early retirement at 50. Employees are eligible for non-duty disability benefits after five years of services and for duty related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. Death benefits equal the benefit which would have been payable to a beneficiary if the member had retired at age 50 or at death, whichever is later, under an effective election of the joint and survivor option available for retirement benefits. An employee who leaves service may withdraw his or her contributions, plus any accumulated interest.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance subsequent to the employee's retirement date.

The annual adjustments are determined by statute equal to the change in the Consumer Price Index but not in excess of a 3% increase.

Retirement Benefits - Disability and Survivor Benefits. The 1977 Fund also provides disability and survivor benefits. An active member may file an application for disability benefits. A determination is then made by the local pension board, and reviewed by the INPRS Board of Trustees, as to whether the member has a covered impairment and whether the impairment was incurred in the line of duty or not.

The calculation for disability benefits is based on when the member was first hired, the type of impairment and other factors. In addition, the heirs or estate of a fund member may be entitled to receive \$12,000 upon the member's death.

If a member dies while receiving retirement or disability benefits, there are provisions for the surviving spouse and child(ren) to receive a portion of the benefits. The member's surviving spouse is entitled to a monthly benefit equal to 60% of the member's monthly benefit during the spouse's lifetime. Each of the member's surviving child(ren) is entitled to a monthly benefit equal to 20% of the member's monthly benefit until the age of 18, or age 23, if a full-time student. If there is no eligible surviving spouse or child(ren), a dependent parent(s) may receive 50% of the member's monthly benefit during their lifetime.

Retirement Benefits - Deferred Retirement Option Plan. The Deferred Retirement Option Plan (DROP) for the 1977 Fund was established by the Indiana Legislature in 2002 and is governed by the INPRS Board of Trustees in accordance with Indiana Code (IC) 36-8-8.5. Members of the 1977 Fund that are

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

eligible to retire may elect to accumulate a DROP benefit while continuing to work. At the time of their election, the member executes an irrevocable election to retire on a DROP retirement date and remains in active service contributing to the fund until that date. The DROP retirement date must be not less than twelve (12) months and not more than thirty-six (36) months after their DROP entry date, and not after the date they reach any mandatory retirement age that may apply.

The member may make an election to enter the DROP only once in their lifetime. The DROP and future retirement monthly benefit is calculated as of the member's DROP entry date. At the time of retirement, the member must choose among the available options for distribution of the accumulated benefit under the DROP. As of June 30, 2021 the amount held by the plan pursuant to the DROP is \$98.5 million.

Contributions. The funding policy for the 1977 Fund requires remittances of member and employer contributions based on percentages of the salary of a first class officer or firefighter rather than actual payroll. The employer contribution rate is actuarially determined. The required contributions are determined by the INPRS Board of Trustees based on actuarial investigation and valuation in accordance with IC 36-8-8-6. As the 1977 Fund is a cost-sharing system, all risks and costs, including benefit costs, are shared proportionally by the participating employers. During calendar year 2021, all participating employers were required to contribute 17.5% of the salary of a first-class officer or firefighter. City contributions for the year ended December 31, 2021 were \$1,515,744 and \$1,770,876 for the Police Officers and Firefighters Funds, respectively.

Pension Assets, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Indiana Public Retirement System (INPRS) and additions to/deductions from INPRS's fiduciary net position have been determined on the same basis as they are reported by INPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

As of December 31, 2021, the City reported a pension asset of \$5,305,248 for the Police and \$6,233,733 for the Firefighter proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2021 and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. The City's proportion of the net pension asset was based on the City's reported wages as a proportion of total collective reported wages for all employers. At June 30, 2021, the City's proportion of the Police Officers' fund was 0.89765%, which is an increase of 0.00650 (approximately 0.73%) from its proportion measured as of June 30, 2020 of 0.89115%. At June 30, 2021, the City's proportion of the Firefighters' fund 1.05475%, which was an increase of 0.00022 (approximately 0.02%) from its proportion measured as of June 30, 2020 of 1.05453%.

For the year ended December 31, 2021, the City recognized pension credit of \$401,391 for the Police Officers and \$479,195 Firefighters' fund. Changes in net pension asset for fiscal year 2021 is calculated as set forth in the following table:

NOTES TO FINANCIAL STATEMENTS December 31, 2021

Actuarial Assumptions. The total pension asset in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.00% |
|--|--|
| Salary increases | 2.65% |
| Mortality rates | Pub-2010 Public Retirement Plans Mortality Tables (Amount-Weighted) with a fully generational projection of mortality improvements using SOA Scale MP-2019 |
| Investment rate of return (COLA) or "Ad Hoc" | 6.25% net of investment expense, including inflation |
| (COLA) or "Ad Hoc" | 1.95%, compounded annually, beginning July 1, 2021. Actual COLA increases at July 1, 2019 (2.1%) and July 1, 2020 (1.9%) are reflected in valuation. |

The actuarial assumptions used in the June 30, 2021 valuation of the Public Employees' Retirement Fund were adopted by the INPRS Board in May 2021. The majority of the actuarial and methods are based on plan experience from July 1, 2014 through June 30, 2019 and were first used in the June 30, 2020 valuation. The INPRS Board adopted a funding policy in April 2014, and the policy was last updated in October 2018. The funding policy is available online at:

www.in.gov/inprs/files/INPRS_Funding_Policy.pdf.

The target allocation and best estimates of arithmetic real rates of return as of June 30, 2021 for each major asset class are summarized in the following table:

| Global Asset Class | Long-Term Expected Rate of Return (Geometric Basis) | Target Asset Allocation |
|------------------------------------|---|----------------------------|
| Public Equity | 3.6% | 20.0% |
| Private Markets | 7.3 | 15.0 |
| Fixed Income - Ex Inflation-Linked | 1.5 | 20.0 |
| Fixed Income - Inflation-Linked | (0.3) | 15.0 |
| Commodities | 0.8 | 10.0 |
| Real Estate | 4.2 | 10.0 |
| Absolute Return | 2.5 | 5.0 |
| Risk Parity | 4.4 | 20.0 |
| Leverage Offse | (1.4) | 15.0 |

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Discount rate. The discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from units will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension asset to changes in the discount *rate.* The following presents the City's proportionate share of the net pension asset calculated using the discount rate of 6.25%, as well as what the City's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (5.25%) or 1-percentage-point higher (7.25%) than the current rate:

| | 1% Decrease to Discount Rate (5.25%) | Current Discount Rate (6.25%) | 1% Increase to Discount Rate (7.25%) |
|---|--|----------------------------------|--|
| City's proportionate share of the net pension asset - Police Officers' | \$5,467,793 | \$(5,305,248) | \$(14,002,040) |
| City's proportionate share of the net pension asset - Firefighters' | 6,424,725 | (6,233,733) | (16,452,572) |

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued INPRS Annual Comprehensive Financial Report (ACFR) and Actuarial Valuations. These reports can be found at:

https://www.in.gov/inprs/files/INPRSAnnualReportBook2021.pdf https://www.in.gov/inprs/files/2021INPRSActuarialValuationRpt_PERF.pdf

B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts, theft of, damage to, and destruction of assets; errors and omissions; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

Medical Benefits to Employees, Retirees and Dependents

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

B. RISK MANAGEMENT (cont.)

The City has chosen to establish a risk financing fund for risks associated with risk of loss related to employee health claims for City and Wastewater Utility employees. The risk financing fund is accounted for in the Health Insurance Fund (an internal service fund) where assets are set aside for claim settlements. An excess policy through commercial insurance covers individual claims in excess of \$90,000 per year. Settled claims resulting from this risk did not exceed commercial insurance coverage in the past three years. A premium is charged to each fund that accounts for employee payroll. The total charge allocated to each of the funds is based primarily upon the percentage of each fund's current year payroll as it relates to total payroll, and are reported as interfund services provided and used. Provisions are also made for unexpected and unusual claims.

Claim expenditures and liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amounts of payouts and other economic and social factors.

Changes in the balance of claim liabilities during the past two years are as follows:

| | Prior Year | | _(| Current Year |
|---|------------|---------------------------------------|----|---|
| Unpaid claims - Beginning of Year Current year claims and changes in estimates Claim payments | \$ | 1,754,019 8,531,061 (9,574,289) | \$ | 710,791 10,984,990 <u>(10,858,876</u>) |
| Unpaid Claims - End of Year | \$ | 710,791 | \$ | 836,905 |

C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the City is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the City attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations.

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

D. OTHER POSTEMPLOYMENT BENEFITS

GENERAL INFORMATION ABOUT THE OPEB PLAN

Plan description. The City's single-employer defined benefit healthcare plan provides comprehensive medical benefits to eligible retirees and their dependents. To be eligible, participants must be, at a minimum, age 52 with 15 years of service with an Indiana public employer (10 years must be completed immediately prior to his or her retirement date. The employer provides access to an on-site medical clinic until the participant reaches his or her 65th birthday. Spouse coverage continues until the spouse becomes Medicare eligible.

The City administers the plan and issues a report that includes financial information and required supplementary information of the plan as a whole. The report may be obtained by contacting the City at 1 Municipal Drive, Fishers, Indiana 46038. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Employees covered by benefit terms. At December 31, 2021, the following employees were covered by the benefit terms:

| Inactive plan members or beneficiaries currently receiving benefit | |
|--|-----|
| payments | 2 |
| Active plan members | 456 |
| Total | 458 |
| Total | 430 |

TOTAL OPEB LIABILITY

The City's total OPEB liability of \$5,480,319 was measured as of December 31, 2021, and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Measurement date | For fiscal year ending December 31, 2021, December 31, 2021 measurement date was used |
|--------------------------|--|
| Actuarial valuation date | January 1, 2021 projected to the December 31, 2021 measurement date on a "no loss / no gain" basis. Liabilities as of January 1, 2021 are based on an actuarial valuation date of January 1, 2021 with no adjustments. |
| Discount rate | 2.25% as of December 31, 2021 and 2.12% as of January 1, 2021 |
| Payroll Growth | 2.75% inflation plus the salary merit increase based on the Public Employees' Retirement Fund (PERF) June 30, 2020 actuarial valuations. Increases ranging from 0% to 6% based on years of service |
| Inflation | 2.75% year |

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

TOTAL OPEB LIABILITY (cont.)

| Cost method Healthcare cost trend rates Retirees' share of benefit-related costs | Allocation of Actuarial Present Value of Future Benefits for services prior and after the Measurement Date was determined using Entry Age Normal Level % of Salary method where: Service Cost for each individual participant, payable from date of employment to date of retirement, is sufficient to pay for the participant's benefit at retirement; and Annual Service Cost is a constant percentage of the participant's salary that is assumed to increase according to the Payroll Growth. |
|--|---|
| Healthcare cost trend rates | 7.5% for 2022 declining to 4.5% for 2028 and after |
| Retirees' share of benefit-related costs | Retiree contributions are assumed to increase according to health care trend rates |

The discount rate of 2.25% as of December 31, 2021 and 2.12% as of January 1, 2021 were based on the yield for 20-year-tax-exempt general obligation municipal bonds as of December 31, 2021.

Mortality Assumptions. General employees and retirees: SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2020. Safety employees and retirees: SOA Pub-2010 Public Safety Headcount Weighted Mortality Table fully generational using Scale MP-2020. Surviving Spouses: SOA Pub-2010 Continuing Survivor Headcount Weighted Mortality Table fully generational using Scale MP-2020.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study for the period January 1, 2018 to December 31, 2018.

| 2026 | (205,181) |
| Thereafter | (733,571) |

E. SUBSEQUENT EVENTS

Bond Anticipation Note Issuance

The City closed on Taxable Economic Development Revenue Bond Anticipation Notes, Series 2022A, in the amoun tof \$25,575,000, on January 31, 2022. These BANs were used to pay off maturing 2019 BANs and 2020 BANs.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

F. JOINTLY GOVERNED ORGANIZATIONS

Hoosier Heritage Port Authority

The City of Fishers and the City of Noblesville, Indiana jointly own, on an equal basis, a certain railroad right-of-way obtained from a railroad company extending approximately 37 miles from the Town of Tipton, Indiana, to near downtown Indianapolis. The City of Fishers and the City of Noblesville created the Hoosier Heritage Port Authority (Port Authority) for the purpose of protecting and preserving the existence of real property, contained within the railroad's right-of-way, as a single parcel of real estate in perpetuity for such uses as may benefit the citizens of the City of Noblesville and City of Fishers, including but not limited to, recreational, transportation and tourism purposes. Subsequently, Hamilton County, Indiana joined in with the City of Fishers and the City of Noblesville to become part of the Port Authority. The Port Authority's board consists of six members, with two appointed by the Mayor of the City of Fishers, two appointed by the Mayor of the City of Noblesville and two appointed by the County Commissioners of Hamilton County. The City of Fishers, the City of Noblesville, and Hamilton County do not have an obligation for, or any financial interest in, Port Authority matters.

G. TAX ABATEMENT

Under the state statute, IC 6-1.1-12.1 the City provides tax abatements for rehabilitation or redevelopment of real property in economic revitalization areas. Economic revitalization area (ERA) means an area which is within the corporate limits of a city, town or county which has become undesirable for, or impossible of, normal development and occupancy because of lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired values or prevent a normal development of property or use of property. The tax abatements under this statute are for real property tax and personal property tax.

Tax Abatements - Real Property (I.C. 6-1.1-12.1)

The abatements are obtained through application by the property owner, approval by the City Council, and a signed agreement between the parties. The agreement is usually for a ten-year period in which the City is willing to forgo tax revenues (real property tax) and the property owner promises to take specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments. Each year of the agreement's time frame the property owner must verify that they have met the commitments set forth in the agreement. The City must also agree that the commitments have been met. The City then allows the percentage of reduction to be applied to the eligible assessed value.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

G. TAX ABATEMENT (cont.)

Tax Abatements - Personal Property Tax (I.C. 6-1.1-12.1)

The City Council approves the tax abatements for personal property tax. Once approval is granted the taxpayer must file forms with the County Assessor each year of the abatement. The forms used, depending on the type of property, are 103-ERA, State form 52503; CF-1/PP, State form 51765; SB-1/PP, State form 51764; and form 103-EL, State form 52515 that accompanies the ERA. After the forms are filed, the County Assessor calculated the minimum value ratio (MVR) which is the Total True Tax Value, from Schedule A divided by 30% of Adjusted Cost, from Schedule A. The adjusted cost is multiplied by the True Tax Value percentage for the property pool by year of purchase of the asset, then times the MVR. Each year of the agreement's time frame the property owner must verify that they have met the commitments set forth in the agreement. The City must also agree that the commitments have been met. The City then allows the reduction in personal property tax to be applied.

Vacant Building Abatement (I.C. 6-1.1-12.1-4.8)

Up to a two year real property tax abatement is available to a company, according to local qualifications, based on occupying a building that has been vacant for more than a year. The building must be used for commercial or industrial purposes and be located in a designated Economic Revitalization Area, as designated by the Council. Prior approval of the Council must occur before occupying the facility and the Council determines the time period for the abatement. All of these programs are designed to spur job creation and retention, grow the income and property tax base, support the redevelopment of areas experiencing a cessation of growth, attract and retain businesses in targeted industries, and assist distressed businesses, among other objectives. Minimum eligibility criteria for such abatements vary by program, as noted above, but generally require that an investment in real or personal property be projected to increase assessed value, create or retain jobs and/or promote economic revitalization. In return for such abatements, the City generally commits to permit, zoning and job training assistance. Included in each abatement agreement are provisions specifying certain damages, among which may include a clawback of some or all of the taxes previously abated. If a company cease operations or announces the cessation of operations at the facility for which the abatement was granted, termination of the abatement agreement is warranted and 100% clawback is required. Other clawbacks are calculated based on the highest level of non-compliance among the measured categories for that project.

Impact of Abatements on Revenues

Indiana property tax laws complicate the calculation of the exact impact of property tax abatements on the tax revenues of a given unit of local government. Constraints on the growth of the annual tax levy and constitutional limitations on taxes (also known as property tax caps) are the chief complicating factors. The increase in the annual tax levy is limited to the growth in the 6-year moving average of nonfarm personal income growth, which is known as the Assessed Value Growth Quotient (AVGQ). Statutory property tax caps for homesteads, agricultural and other residential and commercial are equal to 1%, 2% and 3%, respectively, of associated assessed valuations.

The tax rate, which is established for each taxing unit by the Department of Local Government Finance, is based on the tax levy requested by the taxing unit (as limited by the AVGQ) divided by the net assessed value of the property in a physical taxing district. The theory behind the AVGQ is that the costs of government should not be increasing at a greater rate than taxpayer incomes.

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE IV - OTHER INFORMATION (cont.)

G. TAX ABATEMENT (cont.)

Impact of Abatements on Revenues (cont.)

Tax abatements are granted on the assessed value of the property abated. The taxpayer's taxes are then calculated based on this reduced assessment, thus resulting in a lower tax liability. But because a given district's tax rate is calculated based on the total net assessed value in the district (net of abatements and other adjustments), the certified levy of each unit in the district is the same as if the abatements had not been granted.

Additionally, to the extent that parcels have reached the constitutional limit of tax liability as a percentage of gross assessed value, the property tax rate caps (circuit breaker credits) reduce the property tax collections of the affected taxing units. The degree to which property tax abatements exacerbate circuit breaker losses differs by parcel and is dependent on the proportion of abated assessed value to total gross assessed value, as well as prevailing property tax rates.

The estimated gross amount, on an accrual basis, by which the City of Fisher's property tax revenues (payable 2021 taxes) were reduced as a result of the aforementioned City abatement programs, totaled \$783,185. The abatements for the City of Fishers included abatements for the following programs:

| Real Property Tax Abatement Personal Property Tax Abatements | \$ 684,050 <u>99,135</u> |
|---|--------------------------------|
| Total | \$ 783,185 |

While the City of Fishers has calculated the potential impact of existing tax abatements on its property tax revenues for 2021 to approximate \$783,185 the actual extent of lost revenues is something less than this amount and cannot be reasonably determined due to the application of circuit breaker credits.

The City of Fishers estimated gross amount, on an accrual basis, by which the City of Fishers' property tax revenues (payable 2021 taxes) were reduced are also affected by abatements approved by other taxing units in Hamilton County. The estimated allocated portion of abatements approved by Hamilton County totaled \$52,280. Abatements from other taxing districts in Hamilton County are considered immaterial.

Tax abatements are comprised of the following programs:

| Real Property Tax Abatement Personal Property Tax Abatements | \$ 41,084 11,196 |
|---|------------------------|
| Total | \$ 52,280 |

While the City of Fishers has calculated the potential impact of existing tax abatements on its property tax revenues for 2021 to approximate \$52,280, the actual extent of lost revenues is something less than this amount and cannot be reasonably determined due to the application of circuit breaker credits.

REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE - GENERAL FUND For the Year Ended December 31, 2021

The major differences between Budgetary (Non-GAAP) basis and GAAP basis are:

- a. Revenues are recorded when received in cash (budgetary) as opposed to susceptible to accrual (GAAP)
- b. Expenditures are recorded when paid in cash (budgetary) as opposed to when the liability is incurred (GAAP)

Adjustments necessary to convert the results of operations at the end of the year on a budgetary basis to a GAAP basis are as follows:

| | General | |
|---|--------------|--|
| Excess of revenues and other financing sources over expenditures and other financing uses (budgetary basis) | \$ 8,309,453 | |
| Adjustments | | |
| To adjust revenue for accruals | (531,557) | |
| To adjust expenditures for accruals | 741,259 | |
| To adjust expenditures for Rainy Day Fund and Payroll Activity | 6,574 | |
| Excess of revenues and other financing sources over expenditures and other financing uses (GAAP basis) | \$ 8,525,729 | |

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2021

I. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the budgetary comparison schedules:

- 1. The Controller submits to the Common Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. The City advertises the budget prior to adoption and the Common Council holds public hearings to obtain taxpayer comments.
- 3. The budget is approved in September of each year by the Common Council through passage of an ordinance.
- 4. Copies of the budget ordinance and advertisements are sent to the Indiana Department of Local Government Finance. The budget becomes legally enacted after the Controller receives approval from the Indiana Department of Local Government Finance. The budget ordinance as approved by the Indiana Department of Local Government Finance becomes the City's expenditures budget. The City's maximum tax levy is restricted by Indiana Law, with certain adjustments and exceptions. If the advertised budget exceeds the spending and tax limits of the state control laws, an excess levy can be granted by the Indiana Department of Local Government Finance.
- 5. The legal level of budgetary control (the level at which expenditures may not exceed appropriations without the governing body's approval) is by object classification for all funds except for the General Fund, which is by object classification within each department. The City's management cannot transfer budgeted appropriations between object classifications of a budget without approval of the Common Council. Any revisions that alter the total appropriations for any fund or any department of the General fund must be approved by the Common Council and in some instances, by the Indiana Department of Local Government Finance.
- 6. Formal budgetary integration is required by State Statute and is employed as a management control device. An annual budget was legally adopted for the following funds:

Major fund: General

Nonmajor funds:

Special revenue funds:

Motor Vehicle Highway, Local Roads and Streets, Law Enforcement Continuing Education, Court Record Perpetuation, LOIT Special Distribution, Wheel Tax, Court Deferral User Fee, Park Impact, Road Impact, Bridge Impact, Health Department

Debt service funds:

B&I-Revenue Bond Debt, B&I- GO Bond 2 Debt Pre 0701, B&I-GO Bond Debt Post, TIF Shortfall Debt Service, 96th & Allisonville Lease Payment

Capital projects funds:

Certified Tech Park, Cumulative Capital Improvement, Cumulative Capital Development

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2021

Internal service funds: Employee Health Fund, Flexible Spending Fund

Enterprise funds:

Sewer, Sewer Bond and Interest, Sewer BONY B&I, Sewer Reserve, Sewer Construction, Stormwater Construction, Stormwater

II. Financial Reporting – Pension Plans <u>Public Employees Retirement Fund</u>

| Valuation Date: | |
|--|--|
| Assets: | June 30, 2021 |
| | Liabilities: June 30, 2020 - Member census data as of June 30, 2020 was used in the valuation and adjusted, where appropriate, to reflect changes between June 30, 2020 and June 30, 2021. |
| | Standard actuarial roll forward techniques were then used to project the total pension liability computed as of June 30, 2020 to the June 30, 2021 measurement date. |
| Actuarial Cost Method: | Entry Age Normal (Level percent of payroll) |
| Experience Study Date: | Period of 5 years ended June 30, 2019 |
| Investment Rate of Return: | 6.25%, net of investment expense, including inflation |
| Cost of Living Increases: | As of June 30, 2021, members were granted a 1% |
| | COLA on January 1, 2022 and no COLA on January |
| | 1, 2023. Thereafter, the COLAs were assumed to |
| | be as follows: |
| | Beginning January 1, 2024 - 0.40% |
| | Beginning January 1, 2034 - 0.50% |
| | Beginning January 1, 2039 - 0.60% |
| Salary increases, including inflation: | 2.65% - 8.65% |
| Inflation: | 2.00% |
| Mortality: | |
| Healthy: | Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019. |
| Disability: | Pub-2010 Public Retirement Plans Mortality Tables with a fully generational projection of mortality improvements using SOA Scale MP-2019. |

CITY OF FISHERS, INDIANA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED DECEMBER 31, 2020

Funding policy location:

www.in.gov/inprs/files/INPRS_Funding_Policy.pdf

The following were changes in assumptions for 2021:

- The Interest Rate / Investment Return assumption changed from 6.75 percent to 6.25 percent.
- The inflation assumption changed from 2.25 percent to 2.00 percent.
- The Future Salary Scale assumption changed from 2.75% 8.75% to 2.65% 8.65%.

Changes in Actuarial Methods. There were no changes to the actuarial methods during the fiscal year.

Plan Amendments: HEA 1001-2021 granted a 1% COLA effective January 1, 2022

1977 Police Officers' and Firefighters' Pension and Disability Fund

| Inflation | 2.00% |
|---|--|
| Salary Increases: | 2.65% |
| Mortality Rates: | Pub-2010 Public Retirement Plans Mortality Tables (Amount-Weighted) with a fully generational projection of mortality improvements using SOA Scale MP-2019 |
| Investment Rate of Return: | 6.25%, net of investment expense, including inflation |
| (COLA) or "Ad Hoc" | 1.95%, compounded annually, beginning July 1, 2021. Actual COLA increases at July 1, 2019 (2.1%) and July 1, 2020 (1.9%) are reflected in valuation. |
| III. OPEB Plan | |
| Cost Method Assumptions Discount rate Discount rate basis Inflation rate Investment return Disability Healthcare cost trend rates Mortality | Entry age normal – level percent of salary 2.25% S&P Municipal Bond 20 Year High Grade Rate Index 2.75% per annum Not applicable since the plan is not currently prefunded None assumed Pre-65 medical costs were trended at 7.5% in the first year, graded down to 4.5% over 7 year period SOA published mortality improvement scale MP-2020 generational, which projects mortality improvement indefinitely beginning with high initial improvement (based on recent experience) and tapering to a lower level of improvement for long- term mortality projections |
| Coverage rate | 75% of eligible employees are assumed to be covered |

CITY OF FISHERS, INDIANA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED DECEMBER 31, 2020

Change in assumptions:

The discount rate was updated from 2.12% as of January 1, 2021 to 2.25% as of December 31, 2021

Police Retirement rates:

| Age | 10YOS | 15 YOS | 20 YOS | 30+ YOS |

| 2018 Police Station - | To account for expenditures for the construction of a new police station. | | | | | | |

SUPPLEMENTARY INFORMATION FUND DESCRIPTIONS

December 31, 2020

PROPRIETARY FUNDS

Proprietary Funds – Proprietary funds are used to account for operations financed in a manner similar to private business; or where goods or services are provided by one department or agency to other departments or agencies.

Internal Service Funds – Internal Services Funds may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. Internal services funds should be used only if the reporting government is the predominant participant in the activity. Otherwise, the activity should be reported as an enterprise fund.

| Health Insurance/FI | exible Spending - | To account for the collection and payment to an insurance carrier for the City's health insurance and dependent care services. Funding is provided by employee and City contributions. |
|----------------------|-------------------|--|
| Fidura i a mu Frunda | F : | |

Fiduciary Funds – Fiduciary funds are used to account for resources that have been collected on behalf of other governmental agencies or other individuals.

| Fiduciary Funds - Custodial Fund - | Used to account for assets held by the primary government a an agent for the court system related to court costs and fees payroll withholding amounts and the park system. | | | | | |
|------------------------------------|--|--|--|--|--|--|
| Parks Agency Fund - | To revenues and expenditures for sales tax collected by the park. | | | | | |
| Court - | To account for the receipts and disbursements of the city court. | | | | | |

Business-Type Activity – Enterprise Funds – Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the Common Council is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the Common Council has decided that the periodic determination of net income is appropriate for accountability purposes. Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met.

- The activity is finances with debt that is secured solely by a pledge of net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit - even if that government is not expected to make any payments - is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity.)
- 2. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.
- 3. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

SUPPLEMENTARY INFORMATION FUND DESCRIPTIONS

December 31, 2020

| Wastewater Utility - | To account for the provision of wastewater services. All activities necessary to provide such services are accounted for in this fund. The intent of the Common Council is that the cost of providing goods or services to the general public on a continuing basis be finances or recovered primarily through user charges. The Common Council has decided that the periodic determination of net income is appropriate for accountability purposes. The utility service area is primarily contiguous with the City limits. |
|----------------------|---|
| Stormwater Utility - | To account for the provision of wastewater services. All activities necessary to provide such services are accounted for in this fund. The intent of the Common Council is that the cost of providing goods or services to the general public on a continuing basis be finances or recovered primarily through user charges. The Common Council has decided that the periodic determination of net income is appropriate for accountability purposes. The utility service area is primarily contiguous with the City limits. |

STATISTICAL SECTION

CITY OF FISHERS, INDIANA

STATISTICAL SECTION OVERVIEW

This part of the City of Fishers' comprehensive annual financial report represents detailed information as context for understanding information in the financial statements, note disclosures, and required supplementary information and the City of Fishers' overall financial health. Certain schedules do not display ten year trends if data was unavailable. This information has not been audited by the independent auditors.

| CONTENTS | PAGE(S) |
|--|---------|
| Financial Trends These schedules contain information to help the reader understand how the City of Fishers' financial performance and well-being have changed over time. | 167-171 |
| Revenue Capacity | |
| These schedules contain information to help the reader assess the factors affecting the City of Fishers' ability to generate its property and sales taxes | 172-176 |
| Debt Capacity | 177-183 |
| These schedules present information to help the reader assess the affordability of the City of Fishers' current levels of outstanding debt and the City's ability to issue additional debt in the future. | |
| Demographic and Economic Information | 184-185 |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the City of Fishers' financial activities take place and to help make comparisons over time with other governments. | |
| Operating Information | 186-188 |
| These schedules contain service and infrastructure information about the City of Fishers' operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs. | |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the corresponding year.

Changes in net position is defined as the incremental difference between total assets and total liabilities as a result of operations during the fiscal year.

(A) In 2016, the Stormwater Utility was separated from the Wastewater Utility.
