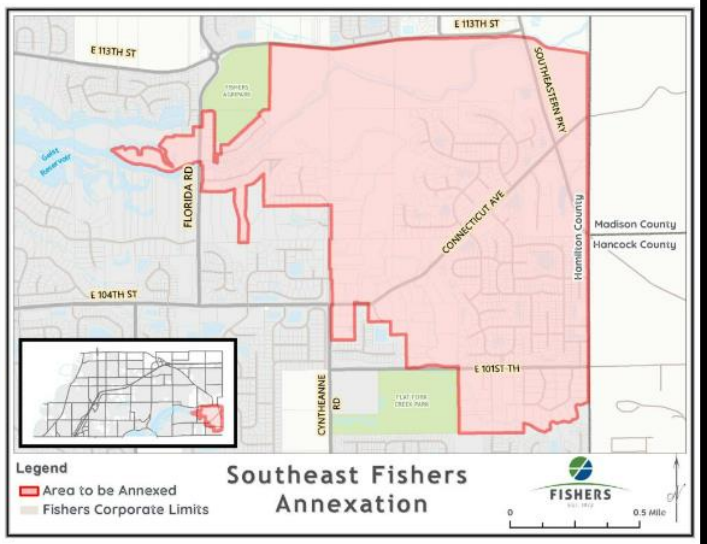
HOME > ANNEXATION

What's Happening?

The City of Fishers is in the process of considering an area for annexation, generally known as the "Southeast Fishers Annexation." This area is currently within an unincorporated portion of Hamilton County where Fishers already has zoning jurisdiction, provides sanitary sewer service, and currently provides Fire and EMS services to residents (as a part of a contract with Fall Creek Township). Annexation is the process of bringing unincorporated areas of a county into an adjacent city. If an area is annexed, the City becomes the primary provider of local government services (if not already provided by the City), such as public safety and utilities.



Why Annexation?

You are already a valued member of the community. Being part of the City of Fishers means that you'll have a voice on issues that affect your community, whether it be in city elections or by having a voice with city council or city boards and commissions. You'll also be able to utilize the many benefits and programs offered by the City of Fishers, such as discounts on park programs, grant opportunities and full access to the Fishers Health Department. Annexation also allows for continuity of services and the efficient delivery of City services to residents.

How Can I Stay Informed?

Before introducing the annexation ordinance, the City is conducting an outreach program in an effort to inform citizens of the proposed annexation. The City will hold six (6) public meetings to provide citizens with information concerning maps of the proposed boundaries of the annexation territory, proposed plans for the extension of services in the annexation territory, and the expected fiscal impact on taxpayers in the annexation territory. The public information meetings will be an open-house format. These meetings are not public hearings and there is no formal program. The dates, times, and locations of the outreach program meetings are as follows:

DATES	TIME	LOCATION
Monday July 22, 2024	2:00 p.m. – 4:00 p.m.	Fishers Fire Department Station 96 15263 E. 104th Street, Fishers IN
